Meet The **HOSTS**

HELLO FROM KEITH & NICKY

With professional backgrounds in the UK and Middle East rail industry and after living and working in the Middle East for 6 years we decided to set up home in Spain prior to our retirement. We based ourselves in Competa whilst we decided on our next life adventure.

Last year we purchased this 200-year-old Finca, which is nestles into the hillside on the edge of Canillas de Albaida and started the journey of transforming it into our forever home and more.

We have spent many months restoring her sympathetically keeping many of the original feature and adding a modern twist while maintaining her true self.

We have now opened part of the property as a modern, luxury B&B where guests can enjoy the wonders of Andalucia and the surrounding villages of Competa, Archez and more.

We hope you have a comfortable and enjoyable stay with us

About The **HOUSE**

Finca Flor is a 200-year-old, former farmhouse nestled in the hillside of the Andalucian countryside.

Located close to the white washed villages of Canillas de Albaida and Competa, the property is blessed with amazing views of the valley below including the village of Archez.

Finca Flor is named in loving memory of our furry baby Princess Flower (Flor) who we lost in November 2022 at the grand old age of 15. She had the most amazing life and adventures travelling the world with us.
